## Scripture/Discussion Questions

1. We are so familiar with the story of Joseph but when we apply the Biblical principles of stewardship to this familiar story, what new revelations and take aways can we have?
2. When we think about Worship, how and where might the Ownership, Responsibilities and the Three T's of giving fit?
3. In reflection of what Joseph went through and dealt with, what parallels to our own personal challenges and victories do you see?
4. What will our Worship look like if we truly Withhold Nothing?
